

## Angels Autumn 1 Newsletter

As our first half term of the academic year draws to a close, we wanted to share a little bit from our new Angels wraparound club.

The last seven weeks have provided lots of opportunity to make new friends, explore some of the new resources and become familiar with the setting. We are very much a part of the school and share the same expectations and values.

The children have enjoyed a range of activities that staff have provided. We also invite the children to give suggestions for activities and games which they would like to see.

On a day-to-day basis our full Angels team are...

Miss Elward

Mrs Gould

Miss Sharpe

Miss Wright

Miss Worster

Miss Magowan is the setting leader and can be reached through the office or [childcare@stgabrielscofeacademy.org](mailto:childcare@stgabrielscofeacademy.org) please don't hesitate to get in touch should you require.

We have created a 'homework hub' for children to complete home learning in the after school sessions if they would like to. iPads and resources are available for them. This is an independent area and so the children do need their log in details and to be able to navigate the platforms independently.

We wish you all a restful and enjoyable half term.

Miss Magowan and the Angels team.

This week's highlight has been making fruit monsters!

The children have enjoyed being able to get outside, when the weather permits of course! They have enjoyed getting physical with obstacle courses and gymnastics. There has been opportunities to relax and take it easy in the children's spa and get their creative juices flowing with construction and art-work. The children even had a mid term disco with glow sticks and party games!

If your child is attending breakfast club, the cut off for cereal and toast being served is 8:15am. Children that arrive after this have the option of fruit or a breakfast bar, but all food must be eaten prior to the start of the school day.
